The Centerville Elks finished their 2022 football campaign 10-3, and recorded one of the finest seasons in history. Only 13 Centerville teams have won 10 or more games since 1948. This team was lead by an outstanding group of seniors that lived the Centerville Elks core values. Earning a third seed in the OHSAA tournament and then winning two playoff games was a great achievement.

Last Friday's Springfield game was a disappointing loss, but no one could question the boys effort against a tough and talented opponent. Both Springfield and Centerville entered the matchup brimming with confidence after winning big in the first two rounds of the playoffs. The Wildcats defeated Olentangy Orange and Kettering Fairmont, while the Elks won big over Northmont and Marysville.

Friday night was quite different from Round 1 and Round 2 for the Elks. The game was more reminiscent of the regular season game on October 7th, when Springfield visited Centerville Stadium and the Wildcats took care of business, defeating the Elks by 28 points.

Brian Cayot, Centerville Math Teacher, when asked for his thoughts on the season, shared the following summary; "If someone told me at the beginning of the year, we would make it to the Regional Semi-finals, win 10 games, end up in the top 10 in the state, be a three seed, and achieve all of those goals after losing our quarterback in the middle of the season, I would take that any day!" We agree.

Many great things can be taken away from the 2022 football season for the Centerville High School Elks. Strong senior leadership coupled with juniors and sophomores growth, is making students and fans excited to see how the young talent develops for years to come. The brothers bond and firm friendship that grows over the year is one of the many benefits of playing high school football. Expressing Humility, giving total Effort, having a positive Attitude, focusing on the Team, and becoming an ancestor (Tradition), leads to success, both on and off the field. Great season boys!

What has been your overall thoughts reflecting back on the 2022 season?

This season was a lot of fun, but looking back, the fun wasn't because of all the wins or milestones. This season was fun because we got to watch our kids put in a tremendous amount of work and see the fruits of their labor. They grew as football players, they grew as a team, and they grew as men. They knew their goals and it was a lot of fun to watch them work for those goals and it was a lot of fun to work with them to help them reach their goals. Overall, the season was a success, but again, not because of the wins. It was a success because this senior class left a great stamp on our program. They elevated the level of expectations and they raised the standard. We ask our players to be great ancestors to the program, and they definitely did that this season.

What was one lesson that the team learned and most benefited from this season?

We started off the season as a group of very talented players. We won games, but we were a group of very talented players. By the end of the season, we were a very talented team. Our players came together and our coaches came together. The result was a team rather than a group. We learned to trust one another and we learned to play for one another. Players were making sacrifices for each other and players were embracing their roles. It really became more about the group than the individual and that can be very hard. This group did a tremendous job of learning to be part of a team.

If you could play one 2022 opponent over again, who would you select and why?

Of course we would love to play perfect every single game, but that's just not possible. There were some games that we played better than others, but looking back, I'm proud of this team. I'm proud of how they played in all of their games. I wouldn't want to go back and play any team again. Whenever you play a game, you learn something. We are grateful for the lessons that we learned and we are better for them. The result of the game isn't always what we want but learning and getting better is the result we are pursuing. We learned something and got better each game. I wouldn't replay any of the games. There was something special about every week of this season and the lessons we learned are incredibly valuable. I wouldn't trade those lessons for a chance at a win.

What is your Holiday wish for this senior class?

I wish that they take a little break. They deserve it. I hope they get to spend quality time with their families. They sacrificed a lot of time away from their families for this season. It is my wish that they get to catch up on some of that time this holiday

Elks fall to Wildcats in regional semifinals

CLAYTON — Maurice Douglass enjoyed the big plays on offense and special teams. He loved how his defense stifled most of what Centerville wanted to do. Then he smiled and talked about senior leaders and what it all meant.

“Anthony Brown and Javian Norman, it’s a part of their testimony,” he said. “We’re going to go to four straight regional finals because we won this, and then they’re going to win the state this year. This is Week 13, next week is Week 14. Going all the way, baby.”

The Wildcats took a big step Friday on their way to the goal that eluded them last year when they lost in the state final. The Wildcats, playing in their fifth straight semifinal, rolled to a 42-14 victory at Northmont and will face Powell Orlentangy Liberty (8-5) next Friday in the Region 2 final.

Liberty defeated Perrysburg (11-2) 14-3. A win would put Springfield in the state semifinals for the fourth straight year.

“It means a lot to come out here and give your all even though the weather is very bad and you got guys beat up,” said Norman, a linebacker. “But they came out here, they put their body on the line for us. That means a lot.”

With three players out on defense, sophomore end Jackson Heims stepped up with 14 tackles and senior tackle Robert Owens had 12 to often stuff

the Elks' running game.

The flashy stuff, though, that was for the offense. Whatever Springfield offensive coordinator Chris Wallace dials up for Brown can be a touchdown. Throw it deep or throw it short, it's all worked this season. The catch-and-run was the big play Centerville, playing this deep in the playoffs for the first time since 1991, couldn't stop.

Quarterback Bryce Schondelmyer, who threw for 312 yards and four touchdowns, didn't hesitate when Brown was open on two such plays for touchdowns. A 25-yard crossing route on which he ran away from the defense, and a 60-yarder that he caught short, made a move up the sideline with, then cut across the field, outrunning the Elks and getting key blocks from Daylen Bradley

and Duncan Bradley. Brown had six catches for 177 yards.

"Springfield did a heck of a job, and they executed when they had to execute and they limited their mistakes," Centerville coach Brent Ullery said. "I'm proud as heck of our kids and how they fought. They're flat out fighters. What these seniors have done for our program will echo much later than this season."

Here's to you Athletic Trainer...

Here's to you Athletic Trainer. Without your undying commitment, your athletes would find themselves swollen, achy, and dehydrated. Sure, most people get pleasure with a job well done, but no one boasts a wrinkle free tape job like you do. You hold your head high while sporting a fanny pack from 1988. For you, 15 seconds of fame is when the camera lands on you standing behind your star athlete, because you know behind every great athlete is a great athletic trainer. So crack open an ice cold bottle of your favorite sports drink, oh injury preventer-er, care taker of-er, and remember, you put the I.C.E in R.I.C.E

Benefits of Premier Health School Partnerships

Our partnerships with area schools and universities demonstrate our desire for long-term, hands-on, active relationships within the community. These partnerships have many benefits.

On-Site Athletic Trainer and Strength/Conditioning Specialists

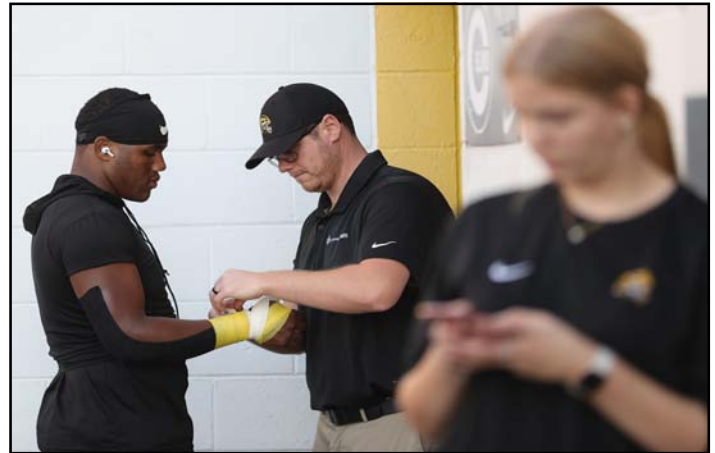

Every Premier Health school partner receives an on-site certified and licensed athletic trainer. These athletic trainers specialize in strength and conditioning, injury prevention, and the recognition and treatment of sports-related injuries. The athletic trainers work in conjunction with Premier Health's board certified sports medicine physicians, as well as other [rehabilitation](#) specialists, making it easy for student athletes to get the care they need and get back in the game.

What is athletic training?

Athletic training encompasses the prevention, examination, diagnosis, treatment and rehabilitation of emergent, acute or chronic injuries and medical conditions. Athletic training is recognized by the American Medical Association (AMA), Health Resources Services Administration (HRSA) and the Department of Health and Human Services (HHS) as an allied health care profession.

"We won't know until the MRI, but I'm certain that it's either an 'ouchie' or a 'boo-boo' ..."

"I checked vital signs, screened for concussion and took X-rays ... But it turns out he's just a crybaby."

"Tell the new athletic trainer I want to see him immediately after practice."

The Quarterback Club offers players, families, coaches and fans an opportunity to contribute to the success of the team with gifts, works, and spirited support for Centerville football. We are a service club dedicated to ELK PRIDE in our efforts to provide financial and volunteer support.

Quarterback Club membership primarily consists of the parents of past, present, and future Centerville High School football players. However, all community members and CHS football fans are welcome.

2022 Projects include:

\$2,000 Player Scholarship

Team clothing and equipment including additional uniforms, team warm-ups, shirts, shoes, and player of the week award jackets.

Food including team breakfasts for playoff games, post scrimmage meals, food (steaks) for the Senior Dinner and Tailgate food before all home games.
